

GREAT ARMIES OF THE EAST ENGAGE IN MIGHTY BATTLE

Japs More Than Holding Their Own Against Czar's Forces.

Reputations of Both Kuropatkin and Oyama at Stake.

Fierce Fighting in Progress Between Big Forces.

Japanese Engage Russian Forces North of Yentai-- Hot Artillery Duel in Progress--Baltic Fleet Stems Away--Latest News of the Far East War.

London, Oct. 12.—The battle of Mukden is on and the main forces of the Russian and Japanese armies are engaged in a fight probably equal to that of Liao Yang, to the south of Mukden.

Little official news has leaked through regarding the fight, but such as is explainable indicates that the Japanese are again more than holding their own against the fighting forces of the Czar.

This battle in the light of the present situation, is more important than was that of Liao Yang. The reputations of General Kuropatkin and Field Marshal Oyama are at stake. Should the Russians win and the Japanese be forced to withdraw to the south of Liao Yang, General Kuropatkin will have won back the name lost by his defeat at Liao Yang and the Japanese will have lost practically everything they have gained by the year's campaign. On the other hand, should the Japanese prove successful in this fight the Russians will be forced to evacuate Mukden and Manchuria will be lost for the time being at least. In several quarters this morning it was asserted that such a result would mean the recall of General Kuropatkin.

St. Petersburg, Oct. 12.—The Russians are now attacking the whole Japanese front near Mukden, which extends from the railway eastward to Kaotaitne. The Russians have lost heavily. General Banielloff, commanding the Sixth Siberian division, has been wounded. The tremendous battle that has been raging since Sunday is still in progress with neither side victor as yet.

Japs Gaining Ground.
Tokyo, Oct. 12.—(Bulletin)—Field Marshal Oyama reports today that the Japanese are gaining ground in the battle to the south of Mukden. The Russian attack, he says, has been repulsed.

Japs Cut Off Their Retreat.
Tokyo, Oct. 12.—A Russian infantry brigade with 2,000 cavalry and two guns crossed the Taitse river on October 9 in an attempt to strike General Kuropatkin's flank. The Japanese cut off their retreat. Gen. Kuropatkin hopes to be able to capture them. This force is probably that under Gen. Mitschenko, whose absence was reported over night as causing the Russian officials considerable anxiety.

Believe Conquest Certain.
Tokyo, Oct. 12.—(Bulletin)—Heavy guns are dropping shells into Port Arthur harbor. The Russian battleship Retvisan has been severely damaged. The Japanese officials believe the conquest of the Port, though it is proving slow work, is certain.

Gen. Danieloff Injured.
St. Petersburg, Oct. 12.—Gen. Danieloff was wounded in the leg today but continued to lead his forces. Gen. Danieloff recently succeeded Gen. Trusoff and Gen. Romanoff in command of the Sixth Siberian rifle division.

Result is in Doubt.
Tokyo, Oct. 12.—8 p. m.—The battle about Yen Tai raged throughout yesterday until late at night, continuing today. The result is still undecided. The Russians have a heavy force on the Japanese right in the direction of the Taitse river, but it is believed the Japanese have checked the Russian turning movement.

Fierce Fighting in Progress.
Mukden, Oct. 12.—Fierce fighting is in progress along the railway. It commenced this morning with terrific artillery fire on both sides. The railway almost to Yentai is in possession of the Russians. The station is damaged beyond recognition.

Fighting Monday commenced early in the morning. A bombardment of five hours forced back the Japanese line along almost the entire front and opened the way for infantry attack. The Japanese flanks and center were stubbornly defended. The battle increased in intensity, concentrating about the Yen Tai coal mines, where the fire continued until dark. As a result of the fighting the Russians drove

back the Japanese left, but their right clung to the position.

St. Petersburg, Oct. 12.—A dispatch from Mukden says: The Japanese on Sunday fell back along the whole front and the Russian advance guards crossed the Schili river, about half way between Mukden and Liao Yang, and came within three miles of Yentai, but Monday the Japanese received strong reinforcements of infantry and artillery and not only held their positions, but even assumed the offensive. The fighting lasted the entire day and night. The Japanese directed their artillery fire with great skill and searched the Russian positions so fiercely that the Russians fell back north of the Schili river, which crosses the railroad seven miles from Yentai. The Russians Tuesday morning resumed their advance, once more crossing the Schili river, and engaged the Japanese two miles south of it. A terrific artillery engagement is proceeding along the entire front. The result of the battle is still undecided.

The fighting reported in progress north of Yentai, which has resulted in a temporary check of General Kuropatkin's advance guard, is not regarded at the war office as indicating a general engagement. The latest official dispatches indicating the disposition of the various corps show that the whole army is not yet in line of battle. General Kuropatkin's present superiority in numbers, it is held here, is bound sooner or later to compel the Japanese to fall back upon their strong positions within the triangle formed by Yentai, Liao Yang and Syk-wan-tun. Everything points to that district as being the prospective scene of the decisive struggle of this year's campaign.

The Official Messenger announces the appointment of Vice Admiral Bezobrazoff, commander of the First squadron of the Pacific fleet, to be senior admiral of the Baltic fleet, and Rear Admiral Haupt, naval commander at the port of Vladivostok, to be junior admiral of the Baltic fleet. Rear Admiral Greve will succeed Rear Admiral Haupt as commander at the port of Vladivostok. Admiral Jessen will assume command of the First Pacific squadron.

BALTIC FLEET SAILS.
Composition of the Squadron Bound For the Far East.

Paris, Oct. 12.—The Echo de Paris' St. Petersburg correspondent learns from what he believes to be a reliable source the final composition of the new fleet which is to sail from the Baltic for the far east, and which is as follows: The battleships Ostrovia, Sisol, Veliky, Navarin, Borodino, Alexander III, Orel and Prince Souvaroff; the cruisers Almaz, Kemichug, Izumrud, Admiral Nakhimoff, Dmitri Don-skoi, Oleg, Aurora and Svetlana; nine destroyers and 10 big transports. The fleet will divide off the Spanish coast, one squadron going by way of the Suez canal and the other around Cape

Horn, reuniting at a prearranged point in the Indian ocean.

Revel, Russia, Oct. 12.—The Baltic fleet weighed anchor Tuesday and sailed for Libau, one torpedo-boat destroyer remaining behind because of a broken rudder. The fleet will leave Libau Oct. 14 and pass through Danish waters Oct. 16. High Russian naval officers have arrived at Copenhagen, and will investigate the Danish waters before the passage of the fleet.

Japanese Minister's Views.
London, Oct. 12.—The British government is closely watching to discover the cause and effect of General Kuropatkin's forward movement. Baron Hayashi, the Japanese minister here, conveyed such information as he possessed to Foreign Minister Lansdowne. Baron Hayashi deprecates the ridicule that is being showered by the English press on General Kuropatkin's proclamation. "Even the assumption of an initiative," said the Japanese minister, "must benefit the Russian forces. I have no more belief that General Kuropatkin's move is a bluff than I believe that Marquis Oyama's lack of aggression is due to an attempt to lure Kuropatkin into a trap."

Nodzu May Succeed Oyama.

London, Oct. 12.—Bennett Burleigh telegraphs from Shanghai that Field Marshal Oyama and his staff will return or be recalled to Japan, ostensibly because the army is going into winter quarters, and that General Nodzu will take over the command. "It is now well known amongst the better classes of Japanese," Mr. Burleigh adds, "that it was Nodzu who saved the situation at the battle of Liao Yang. Oyama and the headquarters had actually ordered a retreat, when Nodzu vigorously protested against such a step and begged them to make another desperate effort, the more directly co-operating with Oku."

WOOSTER

Holds a Grand Democratic Rally--
Speeches Made by Hon. J. E. Hurst
and E. M. P. Brister.

Wooster, O., Oct. 12.—This old landmark of Democracy was awakened by an enthusiastic outpouring of the rank and file of the party last night, and the campaign in this county was opened in true old-fashioned style. A splendid hickory pole was raised and the opera house, where the meeting was held, was filled to overflowing. Judge E. M. P. Brister, Hon. J. E. Hurst and others made telling speeches that were greeted with marked applause. Judge Brister took occasion to tell the people here, which is the home of M. L. Smyser, the Republican candidate for Congress, that Licking county would give a majority to Mr. Hurst, the Democratic candidate, largely in excess of the majority given for the average of his ticket. In other words it would be found that Smyser had made a poor showing in Licking county when the votes were counted.

Roosveltism, imperialism and the tariff were fully discussed by the speakers. Judge Brister made a strong impression upon the audience by his masterly presentation of the issues of the campaign and detailed statement of facts and figures.

Mr. Hurst, the candidate for Congress, proved a popular speaker and won much favorable comment. That he will carry Wayne county by a good round majority was very much in evidence by the popular demonstration and earnest feeling in his behalf.

MONK

Suffers in Silence, Hence Doctors Can
Not Tell Whether They Have
Helped Father Cyprian.

Louisville, Ky., Oct. 12.—Father Cyprian, for many years at the head of the Gethsemane college and one of the most widely known monks in America, is in St. Anthony's hospital suffering from an abscess of the upper jawbone, which it is feared may cause his death.

Three operations have been performed by Dr. August Schachner and a large gold plate has been placed in his cheek, but the calm acceptance of the suffering on the part of the patient makes it almost impossible for the physicians really to know to what extent the operations have aided him.

Father Cyprian is 69 years of age. The abscess is one of long standing, and the physicians say that it would be impossible for them to estimate the great amount of suffering that the patient has gone through. The pain increased continually, and at last his iron will was forced to surrender. He went to Father Obrecht, the abbot, and told him of the pain which he was unable to stand longer in silence. Immediately the abbot sent Father Cyprian to the hospital here.

WISCONSIN STALWARTS APPEAL TO CORTELYOU

Will Not Acquiesce in Sub-Chairman
New's Recognition of La Follette
Faction.

Milwaukee, Oct. 12.—Because of the action of Col. Harry C. New, of Chicago, in asking the La Follette State Central committee to arrange for a mass meeting here on Oct. 15, at which Senator Fairbanks will speak, it has been generally accepted by La Follette men that they have been recognized.

Col. New, interviewed in Chicago, declined to say that this action by the Western branch of the National committee constitutes a recognition, but said that the action speaks for itself.

The Stalwarts do not propose to stop the fight. Senators Spooner and Quarles are nightly on the stump. The Senators are resolved to carry the recognition fight to headquarters in New York, if New continues to deal with the La Follette committee.

BRYAN SPEAKS FOR PARKER IN INDIANA

Declares He is Sincere in Support of Ticket.

Extracts from Speech Delivered at
Rockville, Ind., This Morning by
Mr. Bryan.

Rockville, Ind., Oct. 12.—Wm. J. Bryan's special train reached here at 9 o'clock this morning, to open his Indiana tour. There was an immense throng at Rockville station. Mr. Bryan said in part: "I am glad to be here to contribute to the success of the Democratic ticket in Indiana. I am here because this is the moral battle ground of this campaign and I want to be where the fight is hottest. I am as interested today as I was when I was a candidate. The Republicans have been saying that I am out helping them. When I get through I hope there will be no Republican so ignorant as not to know that I am hearty and sincere in my support of Parker and Davis."

Regarding the money issue, he said: "The money question is not the paramount issue now. It was in 1900. I was sincere then. I am sincere now. Since 1900 the supply of money has been increased by more than fifty per cent. The supply of gold has come from unexpected sources. None of us want to shut off the supply. So that the money question is not an issue now. I want my friends to take my word and to believe me sincerely with all the force that is in me to assert."

TROLLEY LINE FROM NEWARK TO LANCASTER

Company is Forming to Build the Road.

No Details Are as Yet Given Out
Concerning the Matter by a New
York Firm.

A special telegram to The Advocate from New York Wednesday afternoon announces that a syndicate is forming to finance the proposed Newark-Lancaster trolley line. The dispatch follows:

New York, Oct. 12.—Pfaelzer, Walker & Company, bankers of Broad street, are today reported, according to Wall Street rumors, to be engaged in forming a syndicate of eastern capitalists and investors to take over the entire issue of first mortgage bonds and securities and finance the construction and complete the equipment of a new electric railroad to be built between Newark, Ohio and Lancaster, for which a franchise has already been granted. No record of the local promoters in the places named is found, and the Pfaelzer company's manager refuses to discuss the details or give any information about the matter, stating nothing was definitely known of public interest. It is understood that as soon as the syndicate is completed and the bonds placed, the construction will immediately follow.

BLOWN TO SEA BY STORM FIFTEEN PEOPLE MISSING.

New York, Oct. 12.—In a violent wind and rain storm, early this morning, three barges loaded with coal for the house from their moorings and were driven down East river at a rapid speed. On board were the captains and their families, numbering from 12 to 15 persons. No one knew what became of them, but the police believe they were either carried to sea or sunk.

At a recent conference of the trade in Lancaster the president of the Institute of Carriage Builders, said that practically the whole of the wheel-making industry of England had been captured by America.

DEATH

Is the Penalty for Crime Charged Against Ex-Convict.

Wheeling, W. Va., Oct. 12.—William John, alias Archie Jones, a former convict, is alleged to have kidnapped pretty fourteen-year-old Lulu Schmitt of Glenova, last evening at about 7 o'clock. He was arrested with the girl at Steubenville, Ohio, today. The girl says they spent the night in the woods. Johnson will be brought to West Virginia for trial. The penalty for the crime is death.

CHILD

Killed Its Baby Sister On Account of Jealousy.

New York, Oct. 12.—What is characterized as a remarkable instance of infantile jealousy and vindictiveness was the killing of his little baby sister by Emmett Robinson, the two-year-old and seven-months-old son of Mr. and Mrs. Michael Robinson of Nyack, N. Y. The boy killed the month-old infant while it lay in its cradle with a bronze statue on Saturday evening last striking it six blows. The motive was jealousy because his "nose was out of joint" as the happy mother sometimes says to her other children when a new baby arrived. The child had also been teased that he was no longer the "baby and pet" of the family. Owing to his age nothing will be done with the child.

BRYAN'S APPEAL FOR PARKER

Marysville, Mo., Oct. 2.—W. J. Bryan spoke here to a good-sized crowd, which stayed throughout the speech in spite of mist and rain. He devoted the first portion of his speech to urging Democrats to support the state ticket.

Referring to the national campaign, Mr. Bryan said that he believed his hearers would give him credit for courage enough to oppose Parker openly if he did not consider him the best man for the place and said he hoped that his reputation for truth and veracity was such that his friends would believe him when he said he was supporting the Democratic nominees by every means in his power.

He stated that he had pronounced imperialism to be the paramount issue four years ago and that he still considered it so. He closed his speech with an appeal to the Democrats to support the national ticket, so that if Parker should be successful the supporters of the Kansas City platform would be in line to take up those things they had always believed in and in which they still believed.

MACHINE

To Turn on the Death Current Being
Investigated by the Ohio Penitentiary
Authorities.

Columbus, O., Oct. 12.—Penitentiary Warden Gould, who does not like the electrocution duties in connection with his position, has an offer from a Grand Rapids, Mich., concern to put in an automatic appliance that will relieve him and his deputies of the job of turning the current into the victim of the law.

A clock-like arrangement is attached to the death apparatus 24 hours before the time set for the electrocution and it will automatically release the current at the time set. The firm strongly recommends that the matter be taken up.

One disadvantage that would seem to offset the good points of the invention is that the victim would have to be placed in the chair several minutes in advance of the time set for the execution, in order to protect the attendants, and this experience of waiting for the end to come would be especially harrowing.

When Case Was Called at Thornville
Recently, but Under Law He Can

Hoy, shall be given a preliminary hearing in probate court and he fixed 10 o'clock, next Monday morning, Oct. 17, as the time for the hearing.

When the case came up Attorney J. E. Powell, for the state, filed a motion to dismiss the case and remand the prisoner to jail on the ground that he had once waived examination and that sufficient evidence had been produced to bind him over. The sister gave the alarm and search was at once instituted. The police can find no trace of the girl, though the man was later seen in Martin's Ferry, Ohio. Foul play is feared.

Members of Bulgarian Commit-
tees--Many Murders.

Athens, Oct. 12.—The following semi-official statement has been issued: "Hardly a day passes without assassinations of the Greeks by Bulgarians being reported from Macedonia. Sunday in the village of Brot, near Monastir, an orthodox priest was murdered while he was celebrating mass, and his wife was burnt alive in her house. A Greek notable was also assassinated in the church. The object of these crimes is to terrorize Greeks into declaring themselves members of the Bulgarian committees, thereby seeking to make the Bulgarian element appear predominant."

DISABLED

Are Two Torpedo Boats in a Wreck Near Towner—Steel Work Not Damaged.

Minto, N. D., Oct. 12.—Two knocked-down torpedo boats en route over the Great Northern to Seattle were wrecked near Towner through the breaking of the forward journal on the truck containing part of one of the boats. It is presumed the journal was tampered with at Rugby. During the summer a number of Russians have been employed on the section crew at Towner. Some of them, it is said, have disappeared. The wreck did not materially injure the steel work on the boats, but practically destroyed the woodwork located over the front trucks of the car so that it will have to be reconstructed. The steel material has been piled up to one side.

Some Seasonable Advice.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, an almost more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about it in preference to any other. It is for sale by all druggists.

CONVICTION

Of James Tobin on the Charge of Using Mails to Defraud in a Real Estate Deal.

Cairo, Ill., Oct. 12.—James Tobin was convicted in the United States court here on the charge of using the mails to defraud and was sentenced to a term in the penitentiary. Tobin's victims were Chicago real estate men. Tobin represented to the real estate men that he lived in Minnesota and that he knew of some valuable land that was owned by certain heirs in Illinois and Indiana, who, not knowing the value of the land, would close out cheap. The Chicago men entered the deal, and from each place where an heir was supposed to live Tobin sent for money to close the sale. After receiving a considerable amount in this manner Tobin disappeared, but was discovered and finally captured at Linton, Ind.

TRACES

Of Wood Alcohol Found by Analysis. The Federal Government is Investigating.

New York, Oct. 12.—A total of 18 deaths is today credited to the "whisky" which has been dispensed over the bar of A. Fritche's saloon at 733 Tenth avenue, the latest victim dying in the Roosevelt hospital this morning. While no official test has as yet been made it is stated that the "whisky" sold by Fritche was a concoction of wood alcohol and brown sugar. All who have died were stricken with blindness and cramps and these are the symptoms of wood alcohol poisoning.

New York, Oct. 12.—The federal government has taken a hand in the investigation of the alleged poisoned whisky case, to which many deaths in the vicinity of Tenth avenue and Forty-sixth street have been attributed. Following the arrest of a saloon keeper by the local police and visits to all the saloons in the vicinity for the purpose of securing samples of the liquor sold there, all the revenue officers of the Second and Third districts began an investigation. All the saloons were visited and many samples of the liquor were taken for analysis. Coroner Echoler said that an examination of the contents of the stomachs of two of the persons who died suddenly under mysterious conditions disclosed traces of wood alcohol.

GLASSWORKERS

Thought to be Coming from Belgium Under Contract Will be Watches.

Pittsburg, Pa., Oct. 12.—It comes out that the department of commerce and labor at Washington, E. C., headed by Frank T. Sergeant, at the instance of immigrant Inspector Robert D. Layton has taken steps to block the landing of Belgian glassworkers now on the Atlantic en route to America to take the place of American workmen

who have refused to accept the 25 per cent reduction offered by the American Window Glass company.

W. S. Phillips, of Cleveland, Ohio, president of the Amalgamated Association of Window Glass Workers, a few days ago received a letter from a glassworker in Charleroi, Belgium, to the effect that the men were coming, and he at once notified Inspector Layton, of Pittsburg. Orders were at once issued to the inspectors at the various ports along the Atlantic coast to look out for these men, and if it could be proved that they were coming here under contract in violation of the contract labor law of the United States they should be sent back.

ROAMING

In Ohio and Kentucky With \$20,000 is Groom While Bride Files Suit to Recover Cash.

Knoxville, Tenn., Oct. 12.—A bill which will cause a social sensation here and in Wilkesbarre, Pa., has just been filed in the Chancery court, for Mrs. Frances Levering Pfouts Rogers, a bride of a few days, by her brother, George S. Pfouts, as next friend.

The defendant to the bill is Joseph Brooks Rogers, a popular society man of Knoxville. He was wedded to Miss Pfouts, who is worth \$200,000, September 27 last, at her home in Wilkesbarre, Pa. The bride's home in the city are made co-defendants for the purpose of attaching any funds belonging to Rogers, and John L. Boyd, a well known citizen, is made defendant. The bill seeks to recover \$10,000 which the bride says Rogers induced her to give him just before the wedding ceremony on the pretext of investing it in business with John L. Boyd here.

After a trip to New York, they came to this city, but Rogers, she says, induced her to go to Sweetwater and Chattanooga. He began to drink heavily, she alleges, and shortly after she joined him in this city he converted his property into cash, bought a \$1,000 diamond, and with \$20,000 on his person, left for points in Kentucky and Ohio.

The marriage resulted from a meeting at Colorado Springs, followed by a short acquaintance.

RECORD

For Ocean Trips Broken by Meyer, Who Made the Round Trip in Less Than Twelve Days.

New York, Oct. 12.—Julius L. Meyer, manager of the American saloon department of the Hamburg-American Line, has the distinction of being, so far as known, the only person who crossed to France and came back to the metropolis in less than a fortnight. Actually he made the trip in 11 days and 23 hours. Mr. Meyer completed his lightning-like performance by arriving in Hoboken in the North German Lloyd steamer Kronprinz Wilhelm.

He left Hoboken at 8 a. m. on September 29, in the Hamburg-American company's flyer, Deutschland. The Deutschland made a fast trip to Plymouth, reaching there October 5 at 4 a. m. Mr. Meyer expected to continue on in the vessel to the River Elbe, and therefore was surprised to find the representative of the company whom he was to see at Hamburg board the Deutschland at Plymouth.

The two spent five hours together, and while the Deutschland was crossing the English Channel en route to Cherbourg settled the necessary business.

About the time the Deutschland reached the Cherbourg mole the Kronprinz Wilhelm reached the same port bound this way.

"Well, everything is settled," said Mr. Meyer to the Hamburg representative. "I'll take this ship back," he added, pointing to the Kronprinz.

At 5 p. m. October 5 the Kronprinz started with him for this port. The ship crossed in 5 days 5 hours and 55 minutes.

REGISTRATION DAYS

Every voter in the city of Newark is required to register this year in order to enable him to cast his ballot this fall. Everybody who is by reason of age, legal residence and other qualification of citizenship, eligible to vote for President, Tuesday, November 8, 1904, MUST REGISTER anew this year, regardless of any and all previous registrations.

The days for registration are as follows:

THURSDAY, OCT. 13.
THURSDAY, OCT. 20.
FRIDAY, OCT. 28.
SATURDAY, OCT. 29.

The best trust is getting ready to put up prices after the election. It is sending out reports tending to show that there will be a scarcity of cattle later on and these will eventually become the basis upon which the increased charges to the public will be made. Just at present, when the election is so close, the trust is naturally unwilling to embarrass the national administration under which it has so successfully carried on its operations, and in consequence of which the trust is putting up large contributions to the Roosevelt campaign fund and doing all it can to promote his election. Hence should Roosevelt be elected the trust will claim the reward due for this aid to his interests, and expect to be permitted to increase its profits at the expense of the people.

Expensive Imperialism

Judge Parker laid great emphasis on those portions of the letters of acceptance dealing with the necessity of retrenchment in government expenses. That he did so from the best of reason may be readily demonstrated by the most cursory examination of official reports of the present administration and its recent predecessors.

Under President Roosevelt the expenditures of the government from all sources have been \$211,000,000 more than during McKinley's administration notwithstanding the Spanish war was carried on under McKinley. The Roosevelt expenses in four years have reached the vast total of \$883,000,000, more than was expended under the last four years of Cleveland.

According to United States treasury reports the expenditures of the government per capita under the four past administrations have been as follows: Harrison, \$5.77; Cleveland, \$7.10; McKinley, \$6.56; Roosevelt, \$10. The inference to be drawn from these figures is too obvious to require pointing out.

The progress of imperialism as shown in the military arm of the government is even more astonishing. In 1903 France paid for her military establishment, army and navy, \$260,000,000; Germany, \$218,000,000; Great Britain, \$210,000,000. During the same year the United States paid for its military establishment, including pensions, the enormous sum of \$879,000,000.

What does this mean? It means that in 1903, under President Roosevelt, the United States spent, including pensions, only \$1,000,000 less than the empire of Great Britain for its military establishment, but the United States in that year spent \$31,600,000 more than Germany and \$29,600,000 more than France for this purpose. If this government had not paid one dollar in pensions in the year 1903 its disbursements for the military branch would still have been substantially the same as those of France, an acknowledged war power, for the same purpose.

This startling cost of imperialism has been met not only with guarantee of increased safety to the nation but with greater exposure to the danger of foreign war. We paid dearly for our experiment in the Orient only to have it weaken us immeasurably in case of hostilities with any first-class power.

The voter who intelligently considers these lamentable facts will vote the Democratic ticket next November and thereby do his part to rebuke the administration that has made them possible.

All Newark voters, register tomorrow.

American Infants Abroad.

A prominent Republican newspaper calls attention to the fact that between the fiscal years 1894 and 1902 our exports of agricultural implements increased from \$5,000,000 to \$21,000,000; of carriages, cars, &c., from \$2,500,000 to \$10,500,000; of builders' hardware from \$2,500,000 to \$7,500,000; of electrical machinery from practically none to \$6,000,000; of typewriters from practically none to \$1,000,000; of boots and shoes from \$800,000 to \$6,000,000; of paper and manufacturers of paper, not including printed matter, from \$2,000,000 to \$7,000,000; of manufactures of wood, not including lumber or staves, from \$25,000,000 to \$58,000,000, and of other manufactures in proportion.

To make the record complete it should be added that we protect our infant manufacturers, mostly trusts, by duties of from 35 per cent upward on carriages, from 45 per cent upward on builders' hardware, electrical machinery and typewriters, 25, 50 and 60 per cent and upward on boots and shoes, 25 and 35 per cent and upward on manufactures of paper, and from 20 to 35 per cent on manufactures of wood.

These duties are necessary to protect American industries when the foreigner pays the freight, and by its operation the foreigner buys American products cheaper than the American consumer can buy them. It simply shows that American industries can run the foreigner out of his market when they have to pay the freight themselves as well as duties at the other end. Is not this a beautiful system to stand at the American people to "stand pat?"

Germany has just celebrated the centenary of her "first admiral," Rudolph Bromm, who was born September 1, 1804, and organized the first German navy during the first German-Danish campaign in the '40s. The German navy came into being with nine steamers, one sailing frigate, the Deutschland, and 27 gunboats.

ANOTHER CHARGE AGAINST THE FREIGHT CREW MEMBERS.

Investigation of Missouri Pacific Disaster—C. H. & D. Elect Directors. Local Railway Items.

Jefferson City, Mo., Oct. 12.—E. C. Ziegler and L. A. Haynes, brakemen on the freight train which crashed into a Missouri Pacific world's fair train near Warrensburg, Mo., killing 29 persons, were arrested here on warrants charging them with stealing \$37 from the body of a fellow brakeman named Zeldel, who was killed. A blood-stained railroad ticket issued to James England of Dexter, Kan., was found in the pocket of one of the men under arrest. Ziegler and Haynes are among those accused by the Warrensburg jury as responsible for the wreck.

Freight Crew Blamed.

Warrensburg, Mo., Oct. 12.—The crew of the extra freight train which collided with the Missouri Pacific world's fair train, resulting in the death of 29 persons, is held responsible for the disaster by the coroner's jury. The verdict charges the crew with disobeying orders and with being asleep at their post of duty. No recommendation was made as to the prosecution of the train crew. County Prosecuting Attorney Morrow said after the inquest that he would immediately begin the prosecution of the persons charged with the responsibility of the wreck by the coroner's jury.

Crew Dismissed.

Washington, Oct. 12.—The interstate commerce commission decided the case of the Cincinnati Chamber of Commerce and Merchants' Exchange against the Baltimore and Ohio Southwestern Railroad company and other roads centering at Cincinnati. The complaint was against the early closing of the railroad freight depots for reception of outgoing packages of freight. The commission holds that the disadvantage now involved to Cincinnati is not unreasonable, but may become so if the present condition is continued indefinitely. The complaint was dismissed without prejudice to further necessary proceedings.

C. H. & D. Election.

Cincinnati, O., Oct. 12.—The stockholders of the Cincinnati, Hamilton and Dayton Railroad company elected five directors in place of Eugene Zimmerman, Eben Richards, J. J. Robinson, B. W. Palmer and J. B. Foraker. It was officially stated that the following directors were chosen: Eugene Zimmerman and J. B. Foraker of Cincinnati; Charles A. Otis, Jr., of Cleveland; Alfred Skitt and Arthur Turnbull of New York. The annual report showed gross earnings of \$8,272,163; net, \$2,210,426. There was an increase in operating expenses and taxes of \$466,191.

Wabash Freighters Collide.

Chillicothe, Mo., Oct. 12.—Two Wabash freight trains westbound collided rear-end near here, and George Ryan of Moberly, Mo., conductor of one of them, was killed. Runyan was in charge of a train standing on the main track and should have flagged an approaching train, but is believed to have been asleep in the caboose, which was demolished by the locomotive of the following train.

FORTUNE

And a Long-Lost Sister in Lawrenceburg Were Found by the Indianapolis Woman.

Lawrenceburg, Ind., Oct. 12.—After a separation of 33 years, during which neither saw the other, two sisters were reunited here on Sunday. About 37 years ago Mr. and Mrs. Joseph Bechtel took their niece, aged 4 years, to raise. Her parents had both died about the same time, and both were buried in the same grave in Illinois. She took the name of her relatives, and has always been known as Mary Bechtel, and she was the youngest of nine children, the others being taken by relatives in different parts of the country. She never knew until this week that she had brothers and sisters.

Mrs. Theresa Herman came here on Sunday from her home in Indianapolis to visit, and by accident learned that her youngest sister, who is now Mrs. Theodore Kindler, lived but a few doors from where she was visiting.

Mrs. Kindler then learned for the first time that she has five sisters and two brothers living. She will return to Indianapolis with Mrs. Herman to visit two other sisters who reside there, and an effort will be made to have a family reunion. A piece of good news was that her share of the estate of her parents, amounting to \$3,500, had been put in trust for her.

Two New Books.

Two interesting volumes just published by the American Book Company, Cincinnati, are entitled: "Golf and Wagner's 'First Principles of Agriculture,'" and Wagner's "Our Birds and Their Nestlings," respectively.

While not too difficult for boys and girls in the lower classes the first volume covers well the elements of agriculture in its various branches. Commencing with the simple discussion of the soil and its relations to plant life, it takes up, lesson by lesson, the principles that a farmer should understand to raise good crops and good live stock. The last lessons deal with the simpler phases of landscape gardening, under the title, "Improvement of Home and School Yards." This volume should be widely used in rural schools. Price 50 cents.

Walker's "Our Birds and Their Nestlings," 222 pages. With numerous illustrations. Short chapters on twenty of our best known birds, describing their nesting habits, the care taken of their nestlings, their food, their songs, etc., with an occasional anecdote or incident from personal observation. These chapters are written in a simple and interesting style. All technical details are avoided in the text, but an appendix of sixteen pages gives detailed descriptions in brief of the various birds, their nests, eggs, songs, range, food, and other matter necessary to their identification. A prominent and attractive feature of the book is its illustrations. Price 60 cents. It should be widely used for nature study.

DYNAMITE

Found in Coshocton County Jail—One of the Prisoners Wrote a Note to the Sheriff.

Coshocton, O., Oct. 12.—Flight sticks of dynamite were found in the county jail last night, just in time to thwart a plot to blow up the building and free the seven prisoners, all of whom are in on burglary charges.

The grand jury meets Monday. Sheriff Browning made the discovery through an anonymous note by one of the prisoners, hidden on a tray of soiled supper dishes sent back to the kitchen, saying, "Look out to night. Dynamite in bathroom."

Search proved its truth. It is suspected the dynamite had been hidden in at various times through the bars by allies of the Rivers boys, who attempted to blow up the Warsaw bank last month. There was enough explosive to blow the jail and surrounding building to smithereens.

HER PICTURE

Kindled the Old Love and This Zanesville Girl Starts West to be Married.

Miss Minnie Drake, daughter of Mr. and Mrs. John H. Drake, of Zanesville, left Tuesday for Portland, Ore., where her marriage to Mr. Edgar Gilbert, a former Zanesville man will be solemnized.

Quite a romance is connected with the marriage of the young people, who have not seen each other for nine years. Miss Drake and Mr. Gilbert were school friends and until just before Mr. Gilbert's departure for the West, nine years ago were the best of friends. At that time they had a quarrel and consequently did not correspond until recently. A short time ago Mr. Gilbert saw a picture of Miss Drake and the acquaintance was renewed, which resulted in their engagement.

Immediately upon Miss Drake's arrival in Portland, which is expected will be Saturday noon, the marriage will be celebrated at an Episcopal church. Miss Drake was accompanied West by her uncle, Mr. and Mrs. Humphrey Barrett, of Beckett Station. After the marriage, Mr. Gilbert and his wife will go to his ranch near Spence. One about 100 miles from Portland, to live.

'PHONE RATES

Supreme Court Advances the Toledo Case for Early Hearing—Many Citizens Interested.

There is to be an early hearing and decision of the Toledo telephone case. The supreme court granted a motion to advance Tuesday and ordered the plaintiffs' brief to be in by November 12, the defendants' brief by December 12, and plaintiffs' reply brief by January 10.

All the cities of the state are deeply interested in the decision. As the case is filed the style is, the state on relation of the attorney general vs. the Toledo Home Telephone company. The company is charging rates higher than were stipulated in the ordinance which gave it permission to place its lines in the city streets.

It defends this on the ground that the city has no right to fix the rates a public service corporation may charge. That should be left to regulate itself just as the prices of ordinary commodities are determined.

If this contention should be sustained by the supreme court all public service corporations in the cities of the state would be absolved from their rate conditions, which most of them still recognize as binding.

Bank Advertising.

In an address before the Pennsylvania Bankers' association in Allentown City last week, Mr. William S. Power of Pittsburg proved by facts and figures that bank advertising pays. His argument was based upon Pittsburg bank and trust company statements covering the last five years. About half of these institutions advertise continuously in the newspapers, the others only occasionally, or not at all.

In five years the banking corporations which have advertised all the time have gained 18 per cent in assets and 35 per cent in deposits. Those which have not advertised have gained, in the same period, 27 per cent in assets and 11 per cent in deposits. Even more striking are the statistics for the last year, when unusual efforts to secure business have been necessary. In this 12-month period the advertising banks have gained 21 per cent in assets, 22 per cent in deposits, 16 per cent in surplus and 15 per cent in capital. In the same period, the non-advertisers have lost 5 per cent in assets, 7 per cent in deposits and 11 per cent in capital, while their gain in surplus has been only 10 per cent.

These figures are certainly conclusive. All business depends for success upon the patronage of the public or a part of it. And the newspapers of substantial circulation offers the best medium for reaching the public.—Ohio State Journal.

When I was first married I found that my strength and health were gradually diminishing. I became nervous and irritable, and was in bed a week and sometimes ten days every month, and had intense bearing down pains. My husband had the best physician for me and I used his medicine for nearly four months, but I gradually grew worse, had less strength, and finally, I was unable to leave my bed at all.

A friend who was calling on me brought me a bottle of Wine of Cardui and was so loud in its praise that I told her that I would take it to please her.

I was surprised and pleased that before I had used the bottle I really felt better, so I kept on using it. Eight bottles brought back my lost health and strength, and I have not had a sick day in six months.

In Sumatra the length of time that a widow must wear her weeds is determined by the wind. Just after her husband's death she plants a flagstaff at her door, upon which a flag is raised. While the flag remains untorn by the wind etiquette forbids that she should marry. But as soon as a rent appears, no matter how tiny, she can lay aside her weeds and don her most becoming gown and bewitching smile.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Independent Championship of Ohio.
Next Sunday the Zanesville baseball team closes the season with a game with the famous Ohio Works club of Youngstown. This game is one which will practically decide the independent championship of the state.

A Great Game Next Saturday.
The Columbus, Buckeye Lake & Newark road is looking forward to a big business next Saturday on account of the big football game in Columbus when Yost's famous scoring machine from Ann Arbor will line up against Ohio State. Every football enthusiast in Newark expects to go to the game, besides a big crowd from Granville, including the members of the Denison eleven. Coach Stanton will also go to Columbus, the game with Otterbein being played on Friday, so as to give the team an opportunity to see the famous Michigan eleven.

Prominence of Denison's Team.
Of the so called secondary schools Denison has jumped into the greatest prominence. She has really a first-class team this year and one that has a football argument for any college in the state. Denison has weight and ought not to lose any game on her schedule, not even the one with Wesleyan Thanksgiving day. Heidelberg and Cincinnati are also awakening. Roth are undeniably stronger than 10 years. Cincinnati has weight, too, something that has been lacking for several seasons, and a good coach who has put ginger into the team. Heidelberg has scoring capacity. A better line can be obtained on the team, though, when it comes Friday to play the Medics. Coach Sickles is an old Ohio Medical player and he will leave no stone unturned to defeat his old school. If Heidelberg is as strong as she looks to be, Lloyd can well get a hustle on him this week with his doctors.—Columbus Dispatch.

Game is Cancelled.
The game of football scheduled for Friday afternoon between Mt. Vernon and Newark High school eleven, has been cancelled owing to the fact that the principal of the Mt. Vernon school refused to allow the team to get out of school in time to get here. On Thursday afternoon at 5 o'clock the Newark High school will play the Meredith Business College eleven of Zanesville, a team that weighs just about the same as the High school. The line up of Newark High school will be as follows:

Moore, left end; Stuck, left tackle; Miller, left guard; Nehls, center; Mitchell, right guard; Prior, right tackle; Conley right end; Pine, left half; Hershberger, right half; Lippincott, full back; Jones, substitute.

Fight for a Franchise.
Springfield, Ill., Oct. 12.—Mandamus proceedings will probably be instituted against directors of the Three I. Baseball league to compel them to reinstate the Rockford team, which was denied a franchise at the annual meeting here. Rockford's place in the league was given to Peoria. It is alleged that the action of the board was illegal on the ground that the Rockford franchise was for five years and will not expire for three years.

"MERE MEN"

Invade Woman's Realm, and Seek Places as Maids of All Work in Chicago Homes.

Chicago, Oct. 12.—Faced by the lack of work in occupation suited to their dignity, men have made an onslaught on the preserves sacred to the women.

The Chicago man is willing to act as a maid in order to make a living.

Through the many registration bureaus devoted to securing domestic servants, the men are making applications to sweep, dust, make beds and clean the cutlery.

Mrs. A. M. Wadsworth, manager of the Chicago Woman's Guild, in the Northwestern University building, let the secret out. Worse than that, she stated that strikers in the stock yards had come to her in scores during their struggle, looking for a chance to take the place of some absentee domestic.

"The man servant has arrived in Chicago," said Mrs. Wadsworth. "His nationality is German, Italian, English, Japanese, Chinese or Norwegian. There are no Irishmen applying for women's places. The most of the applicants, as would be expected, are colored people. They are mostly hachelors, and possibly, you would call them failures in life."

Mrs. Wadsworth said the ordinary salary for a man servant is \$20 a month and all round.

CAUSE

OF THE SHAWNEE TRAGEDY IS DISCLOSED.

Pride Injured by Charge That They Were in Love Prompted the Double Suicide.

Shawnee, O., Oct. 12.—The cause for the double tragedy near Mine 21 in which John Namet and his sister-in-law, Mrs. James Namet, met death at the hand of the former, was disclosed by the coroner's investigation.

Letters left by the dead couple tell the story—a double suicide, the result of the husband's suspicions.

According to the letters James Namet, brother of the gun-user and husband of the second victim, suspected undue relations between the couple. This they both vehemently denied in their letters, and both censured the husband for his accusations. The young woman had been in this country but a few months, the letters narrate, and the brotherly kindness which John extended to her was mistaken for evil. The couple were unable, they say, to live under the suspicion and sought death and surcease from misery.

At the conclusion of the inquest held by Coroner McTague, the two suicides were interred in a local cemetery.

In his letter John Namet stated that he had sent all his money to his mother in Europe, and asked that his interest in the home estate be left to his two younger brothers and that the money coming to him at the mine be appropriated to paying his board.

Till now the "tickey"—a silver coin worth 6 cents—has been the coin of the lowest denomination used in South Africa. But, at the request of the Johannesburg Chamber of Trade, pennies (2-cent copper coins) are about to be introduced.

OFFENSIVE CATARRH

I suffered for a long time with a bad case of Catarrh, and took a great deal of medicine without any benefit. I had a continual headache, my cheeks had grown purple, my nose was always stopped up, my breath had a sickening and disgusting odor, and I coughed incessantly. I heard of your S. S. S. and wrote you. I commenced to use it, and after taking several bottles I was cured and have never since had the slightest symptom of the disease. Miss Mary L. Snow, Cor. 7th & Felix Sts., St. Joseph, Mo.

Wheeling, W. Va., May 29, 1903. I had Nasal Catarrh for years for which I used S. S. S. with very gratifying results. I tried local applications for some time, and getting no permanent relief I came to the conclusion that the seat of the trouble was in the blood. Knowing S. S. S. to be a good blood medicine I began its use, and after using it for some little while it did away entirely with the offensive mucus in the nostrils, and I did not have to hawk and spit, especially in the morning, to dislodge the catarrhal matter. 1627 South St. FRED H. PRESSY.

The filthy secretions and foul mucus that are continually dropping back into the throat, and find their way into the stomach and are absorbed into the blood. Catarrh then becomes constitutional, and the only way to get rid of it is through the blood. Write us if you have Catarrh, and our physicians will advise you without charge. Rev. Young preached at Drumm's Sunday at 10 a. m.

October 20, Thursday, is Democratic day at the Somerset fair. The speakers will be Hon. W. P. Huntington and the Democratic nominee for secretary of state.

Half a century ago individuals and business firms seriously debated the question: Does it pay to advertise? Now they simply ask themselves: In what papers does it pay best? The wise ones know.

It looks now as if there would be plenty of turkeys for Thanksgiving. The lovers of that toothsome bird, turkey, will be pleased to know that it will not be so scarce an article next Thanksgiving as it has been for the last few seasons. The weather has been quite favorable and large increases are claimed in many sections which would indicate at least a gain of 15 per cent heavier crop than last year. The market promises on the whole, however, to be much livelier this winter.

An important item is that the farmers are happy in the possession of good general crops and being in no need of immediate money can afford to let their turkeys run until late. To many people, Thanksgiving without turkey is only half a holiday, and the news of a bigger crop of the royal fowl this year will be good news to those whose palates are tickled by it as by no other meat.

A Judicious Inquiry.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommended Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that it always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by all druggists.

POMONA

Grange Meeting at Beech Corners With Large Attendance—Officers Installed.

Licking County Pomona held its regular quarterly meeting at the home of Central of Jersey Grange at Beech Corners.

Quite a large number of members from the various granges of the county were in attendance. On account of the absence of W. M. L. M. Shipley, overseer, Byron Merrill presided. The meeting was called to order at 10:20. The regular routine of business was disposed of including the election of officers.

A change of the by-laws makes the term of office two years, instead of one year.

The Grange took a recess for luncheon and was invited to the dining-room where the members found the tables filled with the fatness of the farm, artistically and toothsome arranged by the good matrons present.

After dinner the Grange was again called to order in the fifth degree and a class of fourteen was led through the mysteries of Pomona.

Grange was again opened in the fourth degree and State Deputy J. G. Maught of Delaware county, installed the following officers:

BARBER TRIAL

MAY TAKE PLACE IN ZANESVILLE OR NEW PHILADELPHIA.

It is Said the Attorneys for the Defense May Ask for a Change of Venue.

The trial of H. O. Barber on the charge of embezzlement in connection with the wrecking of the Commercial National bank of Cambridge, may be held in Zanesville.

The trial will probably not be held in Cambridge. The attorneys representing Mr. Barber, in view of the intense feeling that prevails throughout Cambridge and Guernsey county against their client, will, when the time for trial comes, ask for a change of venue, unless there is a very great and apparent change of sentiment in their client's favor between the present time and the time when Mr. Barber is asked to stand before the court and answer for his alleged crime.

The intense feeling against Barber is not the only argument that will be advanced in favor of a change of venue. Another is that it will be practically impossible to get twelve intelligent men in Guernsey county who will be in a position to say that they have not already such an opinion as to the guilt or innocence of the accused as will disqualify them to sit in judgment in his case.

But while the case may be taken to Zanesville for trial, in event of a change of venue is granted, it is more likely to be taken to St. Clairsville in Belmont county, or New Philadelphia in Tuscarawas county, with the idea of removing the case entirely from the Fifteenth congressional district. The fame of the case has spread throughout the other counties of the district, and has been discussed pro and con with almost as much intensity as in Guernsey.

Barber remains housed closely in his father's home in Cambridge. Neither day nor night does he appear upon the streets and there are but few Cambridge citizens that have set eyes on him since his return to the city. It is the popular belief that he is afraid to leave his home for fear of personal injury. There are two sects of people who are said to have made threats against his life. One is a gang of Italian fruit vendors who had considerable money in the bank at the time it was wrecked and the other set consists of the relatives of Miss Carey Norris, as she is still known, despite Barber's declaration, that she is his wife. She is said to be in St. Louis.

Wore Diamonds When He Arrived at Columbus Prison—Arrested for Stealing \$5000.

Columbus, Oct. 12.—Earl De Vore, the assistant cashier of the Woodfield bank, who confessed to having stolen a package containing \$5000 from the Woodfield postoffice has been brought to the Franklin county jail from Cincinnati to be held for trial.

It appears that De Vore and his brother, a physician at Woodfield, had gone to Cincinnati to try to square the matter up with the United States authorities and while there he was arrested. When he came in the prisoner was finely dressed and wore a diamond ring and stud. He also had a .38 calibre revolver in his pocket.

WILD MAN

SCARING PEOPLE IN VICINITY OF NEW PHILADELPHIA.

As Big as Goliath, Fleet as the Wind and Lithe as the Deer's at Large.

New Philadelphia, O., Oct. 12.—The people of this community are greatly exercised over stories related by wayfarers that a wild man, who haunts the woods, is at large. Mothers have warned their boys and girls to keep within calling distance, while their fathers are on the lookout for the creature that has suddenly become a menace to hickory nut parties.

The wild man is said to be a giant in stature and to roam about without a stitch of clothing on his body. As fleet as the wind and lithe as the deer he has so far outdistanced the swiftest hounds that have been put on his trail by their masters. Some men all but cornered him Monday night, but were afraid to tackle him. He tore up a handful of grass and munched it while the hunters were in view. Then he ran away.

There are nearly one hundred students attending the Bliss College Day and evening. 8-1f

CHLOROFORM

Used by Thief Who Went Through a Pullman Car and Robbed the Passengers—Valuables Found.

Sec. 12.—James Ramsey, alias Frank Jackson, alias "Chief Jess," 23, was arrested here charged with robbing the passengers of the Pullman car Annadale, which he entered at the Missouri, Kansas and Texas station in this city. He chloroformed the dozen passengers in the car, robbed them of their money and jewelry, and when the train reached Franklin Junction he jumped from the car window and escaped with his booty. He returned here and was arrested while attempting to pawn some of the stolen goods. Money and valuables aggregating several hundred dollars were recovered from an express office, where Ramsey had consigned them to Frank Jackson, Chicago. Ramsey, who was faultlessly attired, made a detailed confession after his arrest.
